# Foxton Crescent, Newtownabbey, County Antrim

Price £165,000

## DEVELOPMENT-NAME=FOXTON

Better Living Tucked away in the valley, or glen, that runs between Cave Hill and Carnmoney Hill, Glengormley lies within easy reach of two of Belfast's best-loved viewpoints, not to mention some of the finest scenery the country has to offer - along the Antrim Coast. All of this, combined with the fact that it is located just six miles north of Belfast City Centre, make it the perfect commuter town. Newtownabbey offers excellent transport links into Belfast, with the M2 motorway and local railway services within close proximity. Or, if you fancy brushing the dust off your bike and braving the elements, take the Newtownabbey Way (Route 93) down to the popular Loughshore Coastal Path, which winds its way along the coastline and takes cyclists directly into the city centre. Lap of Luxury Foxton includes a range of detached and semi-detached houses as well as apartments, characterised by spacious, modern living interiors with high-quality finishes throughout.

This new development is perfect for first-time buyers, professional couples and young families looking for a home that is close enough to Belfast to commute, but far enough away to escape the hustle and bustle of the city. Although it is just six miles from the city centre, Glengormley boasts no shortage of scenery, culture and activities for the whole family to enjoy. Whether it's a walk in one of the area's many local parks, soaking up some history inside the walls of Belfast Castle, or enjoying a family day out at Belfast Zoo, here you've got all this and more right on your doorstep. Once referred to as the sleeping giant safeguarding the city, Cave Hill dominates the city's skyline and offers breathtaking views atop its craggy outcrops. What's more, Cave Hill Country Park offers a wide range of walks and activities for the whole family. Specification Affordable and sustainable homes that impress from the moment you arrive. We take our environmental responsibilities seriously - improved insulation and robust windows/doors, in line with new building regulations helps to keep draughts out and retains warmth.
