

Energy performance certificate (EPC)

| | | |
|--|--|---|
| 31 Ballysnod Road LARNE BT40 3BZ | Energy rating G | Valid until: 14 April 2034 |
| | | Certificate number: 9327-3036-6204-9574-9204 |

| | |
|------------------|-------------------|
| Property type | End-terrace house |
| Total floor area | 50 square metres |

Energy rating and score

This property’s energy rating is G. It has the potential to be E.

[See how to improve this property’s energy efficiency.](#)

The graph shows this property’s current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in Northern Ireland:

the average energy rating is D
 the average energy score is 60

| Score | Energy rating | Current | Potential |
|-------|---------------|---------|-----------|
| 92+ | A | | |
| 81-91 | B | | |
| 69-80 | C | | |
| 55-68 | D | | |
| 39-54 | E | | 50 E |
| 21-38 | F | | |
| 1-20 | G | 6 G | |

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

| Feature | Description | Rating |
|----------------------|--|-----------|
| Wall | Solid brick, as built, no insulation (assumed) | Very poor |
| Roof | Pitched, no insulation (assumed) | Very poor |
| Window | Fully double glazed | Average |
| Main heating | No system present: electric heaters assumed | Very poor |
| Main heating control | None | Very poor |
| Hot water | No system present: electric immersion assumed | Very poor |
| Lighting | No low energy lighting | Very poor |
| Floor | Solid, no insulation (assumed) | N/A |
| Secondary heating | None | N/A |

Primary energy use

The primary energy use for this property per year is 874 kilowatt hours per square metre (kWh/m²).

How this affects your energy bills

An average household would need to spend **£4,426 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £2,400 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2024** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Impact on the environment

This property's environmental impact rating is F. It has the potential to be F.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO₂) they produce each year.

Carbon emissions

An average household produces 6 tonnes of CO₂

This property produces 7.4 tonnes of CO₂

This property's potential production 6.3 tonnes of CO₂

You could improve this property's CO₂ emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Changes you could make

| Step | Typical installation cost | Typical yearly saving |
|---|---------------------------|-----------------------|
| 1. Low energy lighting | £50 | £45 |
| 2. Heat recovery system for mixer showers | £585 - £725 | £82 |
| 3. High heat retention storage heaters | £1,600 - £2,400 | £2,272 |
| 4. Floor insulation (solid floor) | £4,000 - £6,000 | £91 |
| 5. Solar water heating | £4,000 - £6,000 | £79 |
| 6. Internal or external wall insulation | £4,000 - £14,000 | £512 |
| 7. Solar photovoltaic panels | £3,500 - £5,500 | £604 |

Help paying for energy improvements

You might be able to get a grant from the [Boiler Upgrade Scheme \(https://www.gov.uk/apply-boiler-upgrade-scheme\)](https://www.gov.uk/apply-boiler-upgrade-scheme). This will help you buy a more efficient, low carbon heating system for this property.

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

| | |
|-----------------|--|
| Assessor's name | Harri Molloy |
| Telephone | 01495 234 300 |
| Email | epcquery@vibrantenergymatters.co.uk |

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

| | |
|----------------------|--|
| Accreditation scheme | Elmhurst Energy Systems Ltd |
| Assessor's ID | EES/024617 |
| Telephone | 01455 883 250 |
| Email | enquiries@elmhurstenergy.co.uk |

About this assessment
