

 Cubic

Welcome.

Cubic is a coworking space established in 2019 by the Beannchor Group.

We wanted to create something Lisburn can be proud of, a place where people can work, meet and create - so we made Cubic, and we made it for you.

No matter what stage your business is at, we're confident you'll find Cubic to be the perfect space for your business to grow.

Our Memberships

At Cubic, our goal is to provide a space where businesses of every size can thrive.

That's why with every membership level, we have prioritised value for money and our monthly rolling contracts make it easy to expand as your business grows.

Nine To Five - £130

Perfect for entrepreneurs, mobile employees and students who are ready to trade the coffee shop for a world-class coworking space. *Also available on a pay as you go rate for £20 a day.*

Private Office - From £450

With our monthly rolling contracts, our private offices are perfect for teams who want their own space without the long-term commitment that renting an office usually requires.

24/7 Dedicated Desk - £195

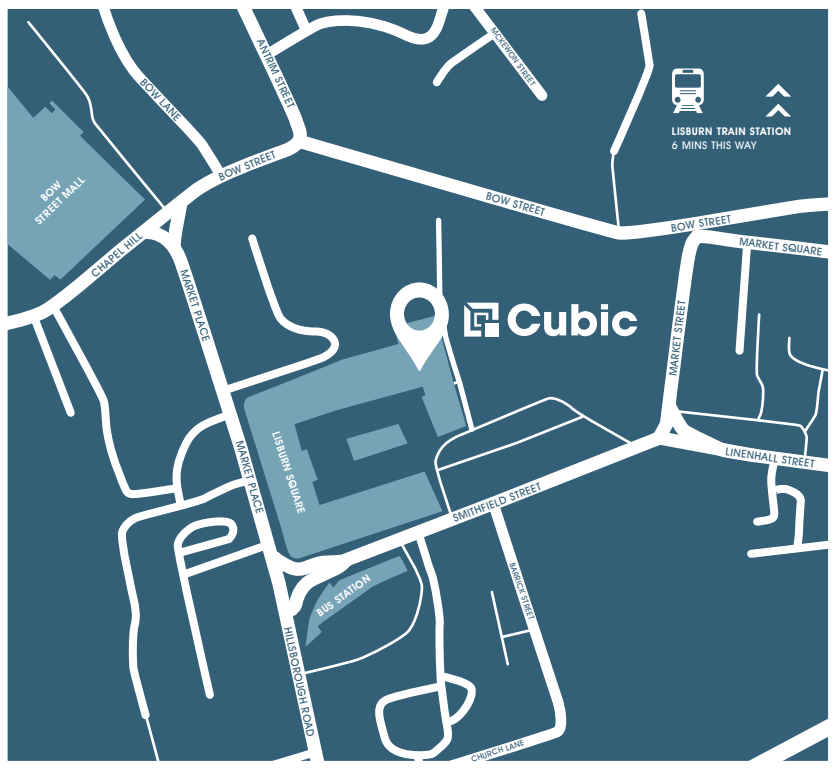

Great for solopreneurs, freelancers and founders. Having a dedicated desk gives you a space to call your own and the chance to establish a solid work routine to help your business thrive.

Meeting Rooms - £10

Starting at £10 per hour.

All prices shown are for monthly rolling contracts, exclusive of VAT. Terms and conditions apply.

Location.

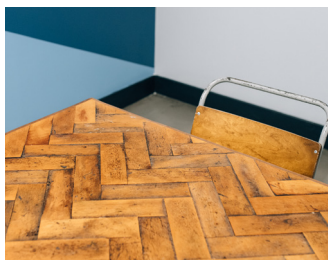

Located in Lisburn Square, mere minutes from local transport links and a variety of shopping and food outlets, and just fifteen minutes from Belfast, we believe Cubic will serve the needs of businesses across the greater Lisburn area and beyond.

Plus, our convenient city centre location and underground parking makes showing up to events a stress-free experience for both you and your guests.

From pitching for new work to presenting the final product, having a space you feel confident in is the secret to success.

Our bookable meeting rooms are designed to host 2-10 people comfortably and are kitted out with smart TVs, call conferencing facilities and whiteboards.
