## Lavender Cottages

Situated by the boundary wall of Mount Stewart Estate and on an elevated site of just under one acre, this character property needs to be seen to be believed!

At the mouth of the Ards Peninsula, you can enjoy easy access to the many National Trust sites on offer, most notably Mount Stewart Estate, which benefits from 26 miles of beautiful walks and you are still within close proximity to Newtownards and the arterial links to Belfast.

Built in the early 1800's, and comprising two cottages, sympathetically renovated to create a unique, period home, any viewer will be impressed with the size of the property, the finish and the gardens. The current owner has decorated throughout to an extremely high standard, resulting in a spacious home with many original period features mixed with luxurious, modern finishes.

On entering the property, there are two reception areas both with double height ceilings, original doors and stunning staircases to the first floor.

In addition, on the ground floor, there is a modern guest suite, guest wc, kitchen, utility area and a large sunroom with wooden beams, exposed stone walls and access to the beautiful gardens. The first floor benefits from a traditional family bathroom, master bedroom with built in robes, shower room with vanity area and storage and four further bedrooms.

Externally, the gardens have been as well thought out as the interior and include various sunny seating areas, lawn, fruit trees, wilderness play area, well established plants, shrubs and trees and from the top of the garden, you can enjoy views over the top of the Estate.

There is a large sweeping driveway with parking for multiple vehicles and a double detached garage with a first floor room suitable as an office or studio.

The owner has decorated each room in this exceptional property to be unique, functional and all with a sense of space and light and we recommend viewing at your earliest convenience.
